

Take Your Own SAFETY WALK!

Ask an adult to help you organize a SAFETY WALK in your community with your friends and family. When you go on a walk through your neighbourhood, you can practice spotting the danger and may learn about new hazards you didn't notice before. By being aware of the dangers in your community, you can prevent accidents from happening and PLAYSAFE!

Visit waramps.ca/playsafe for more information and for SAFETY WALK resources.

The War Amps

PLAYSAFE: Don't Let It Happen to You

In the video *PLAYSAFE: Don't Let It Happen to You*, child amputees Rebecca and Adam invite viewers to join them on a SAFETY WALK. Along the way, they introduce stories from other child amputees who, like them, have lost limbs in accidents. They give helpful tips about how to choose safe places to play and demonstrate the artificial limbs they wear to lead active lives.

A valuable resource for families, educators and community groups!
